1970–2020  
Celebrating 50 Years!

Class of 1923  
Ice Skating Rink

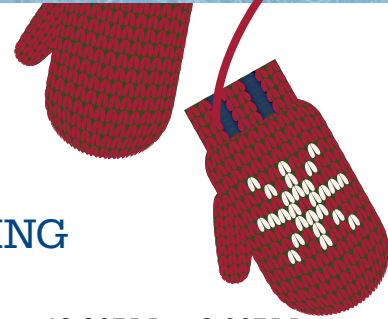

**The University of Pennsylvania Class of 1923 Ice Skating Rink**, located adjacent to the east entrance of Penn Park, has been serving the community since it first opened 50 years ago in 1970. The 60,000 square foot facility boasts approximately 2,000 seats, locker rooms, concession stands, and event rooms that can accommodate private groups of up to 50 people. The ice surface itself is 85' x 200', totaling 16,327 square feet of frozen fun and healthy activity. The main entrance into the lower concourse is off of Lower Walnut Street. The rink may also be accessed via its entrance on Walnut Street.

The Penn Ice Rink meets a wide range of needs. The rink is home to many hockey clubs for men and women, along with annual tournament play. There are figure skating lessons for enthusiasts of all ages and skill levels; from those just beginning to explore the sport, to the more advanced skaters who seek to dazzle spectators with a perfectly executed axel or lutz.

The skating season spans from mid-June to late April each year.

For more information about summertime events and availabilities, please visit our website at [www.upenn.edu/icerink](http://www.upenn.edu/icerink) or call **215-898-1923**.
